

DUNCAN'S DAILY DRILL

Week 2

DDD #5

Personal Response

On Friday, I asked you to begin reading a document outlining the rights of minors. I would like for you to compose a personal response wherein you discuss the three most important rights you have. Explain what they are as well as why they are so important to you. Then consider: How would you feel if you lost those rights? Do you believe your rights are natural (you're born with them), or are they given to you by an authority? Your response should be at least ½ page.

DDD #6

Parts of speech- nouns

A noun names a person, place, thing, or idea (emotion). Identify the **10** nouns in the following sentences:

- When conducting the experiment, it is important not to adulterate the chemical solution by adding too much water. You also need to be careful to avoid an unkempt lab area as it can cause errors in your results as well as safety issues. Scientists must approach dangerous chemicals warily and remain stolid in their observations.
